

Next Meeting

At the meeting on November 1st, Roy Stevens, G2BVN will talk about the 1979 World Administrative Radio Conference (WARC79). This conference is vital to the future of amateur radio throughout the world because there is considerable pressure to use amateur allocations for other purposes. At the conference there is a one country, one vote system so that tiny countries have as much say as the UK. Roy is an expert on international negotiations of this sort and will certainly provide a very interesting talk.

Amongst other activities within the RSGB, Roy is a member of the committee which deals directly with the Home Office, so he will be pleased to answer any questions you may have about licensing and related topics.

The meeting will begin at the usual time of 7.30 pm sharp and the venue will be Marconi College, Arbour Lane, Chelmsford.

Jamoree-on-the-air

Various misunderstandings about dates together with the enforced absence of G4CUE meant that the Broomfield venture did not happen. However, Les, G4CUT ran two stations for the 1st Chelmsford Scouts at their headquarters in Waterhouse Lane. The callsigns used were G4DJC/A on 20m and G4CUT/A on 80m. The event was a great success and a credit to Les and his helpers.

Future Events

The December meeting will be a talk by Peter Blair, G3LTF on moonbounce. Enough said.

Look out for a film show, lectures on audio and microprocessors plus a visit to a telephone exchange in 1978.
